Title	Show Summary	Grade Level	Length of Show
Africa the Serengeti	Chronicles a spectacle that few humans have ever witnessed, the Great Migration, taking viewers on a journey with over 1.5 million animals as they travel more than 500 miles across the Serengeti plains in Tanzania and Kenya.	4 th +	39:30 minutes
Astronaut	Experience a rocket launch from inside the body of an astronaut. Explore the amazing worlds of inner and outer space, from floating around the international Space Station to maneuvering through microscopic regions of the human body.	4 th +	23:00 minutes
Bugs	Bugs are bizarre, beautiful and an endless source of fascination. Bugs! Will magnify the miniscule world of insects and explore the miracle of their success.	4 th +	35:41 minutes
Cosmic Safari	From the giant insect-like life forms on low-gravity planets, to the highly muscular star-shaped creatures on high-gravity worlds, Cosmic Safari transforms scientific theory into exotic worlds filled with fantastic creatures never before imagined.	General Audience	21:00 minutes
The Cowboy Astronomer	A unique take on astronomy from a cowboy who roams the sky while riding the range.	1 st +	37:00 minutes
Dinosaurs at Dusk	Take to the skies and discover the origins of flight. A story about a teenager named Lucy and her dad, who share a passion for flying and a fascination for all things that fly. Dinosaurs at Dusk are all about flight and dinosaurs.	General Audience	41:00 minutes
Egypt: Secrets of the Mummies	Journey to the royal tombs of Egypt and explore the history of ancient Egyptian society as told through the mummies of the past.	4 th +	40 minutes
Force Five	Experience nature's fury as all of her powerful forces are unleashed. You'll be thrown into the sea to ride out a massive hurricane, swept into the massive funnel cloud of a violent tornado & launched into the heart of a gigantic solar flare.	General Audience	22 minutes
Hubble Vision 2	A fascinating tour of the cosmos from Earth's orbit.	4 th +	40:00 minutes
Ice Worlds	In travels to the Arctic and Antarctic regions of our planet, we'll examine the exosystems that exist and thrive there and learn how their survival is connected with our own.	4 th +	21:45 minutes

Planetarium Shows			
Title	Show Summary	Grade Level	Length of Show
Invaders of Mars	Explore the Martian surface as seen by Earth's various spacecraft "Invaders" and use the data gathered to explore the red planet as only CGI can.	4 th +	24:59 minutes
Kaluoka'hina: Enchanted Reef	Kaluoka'hina's colorful inhabitants live in peace until the volcano erupts, and the spell is broken.	Pre K - 8 th	32:26 minutes
Lamps of Atlantis	Our search for the lost continent of Atlantis takes us on a journey through the astronomical knowledge and understanding of the ancient Greeks. (short & long shows)	General Audience	27:00 & 40:00 minutes
The Last Reef	Fly across iridescent tropical reefs, brush through a cloud of a million jellyfish, visit an alien world where the closer you look, the more you see, where the tiniest creatures support the greatest predators. We think of reefs as exotic, distant places with little or no connection to our everyday world. Yet every reef is a living city beneath the sea with a parallel existence to ours, distant yet undeniable connected.	General Audience	40:00 minutes
Oasis In Space (also available in Spanish)	Transports the audience on a startling and beautiful voyage through our universe, galaxy and solar system in search of liquid water, a key ingredient for life on Earth.	3 rd +	24:00 minutes
Oceans in Space	The search for life extends from Earth's oceans to the stars.	4 th +	30:15 minutes
Sea Monsters	Journey 80 million years back in time to an age when mighty dinosaurs dominated the land and an equally astonishing assortment of ferocious creatures swarmed, hunted and fought for survival beneath the vast, mysterious prehistoric seas.	4 th +	40:00 minutes
Season of Light	Traces the history and development of many of the world's most endearing holiday customs, all of which involve lighting up the winter season - from the festive Christmas tree lights and sparkling candles in windows, to setting off fireworks in the American Southwest and the traditional ritual lighting of the Hanukkah Menorah.	General Audience	35:17 minutes
Seasonal Stargazing	8 mini and 8 full length night sky constellation identification show	1 st +	7:00 minutes Mini / 14:00 minutes Full
