Addendum # 10

May 2, 2019 at 4:00 P.M.

ADDENDA: The undersigned hereby acknowledges receipt of the following addenda to the Specifications, all of the provisions and requirements of which Addenda have been taken into consideration in the preparation of the foregoing proposal.

1. Clarifications/Additional Information/Changes to the Original Bid Package:

1. Small and large benches, what reinforcement is required for the 6" footing?

Answer: Steel Supports will be utilized as outlines on LS501 d01

2. Will NEW landscape require Irrigation system?

Answer: There will be no Irrigation on this project.

3. Please clarify what gauge the 1" tube is required for the Trail Information Sign?

Answer: 12 Gauge Steel for all Trail Info Signs

4. Please clarify what size 911 locator signage is required, and is it reflective? (what size of sign)?

Answer: Utilize standard traffic signage pricing, signage details will be finalized during Construction

5. At each Street intersection, there are 7(ea) detectable warnings for each of the 4 street crossings, how will these items be paid? No pay item in place.

Answer: Detectable warnings are a subsidiary item to the ADA ramps as previously stated.

6. Sheet LS 106, show's stripe applied on a new street width with new curb reconstruction for bike trail, there are notes for curb remove and relocated for the new 24' width street. How will this construction be paid to install new stripe?

Answer: Please Disregard LS106, as it will be completed by others

7. Plan Sheet LS106 , LS 400, & LS 401, show striping, I found 9 (ea) Yield Signs in the Cycle Lane, identified as "Off Street Shared Lane Sign" how will these signs be paid, no pay item.

Answer: Striping will be done by Others

8. On construction of the Belden Trail 2, there was a pay item Select Fill, to build elevated berms, as you know, on site material is all ballast and base material, excavated material will not be suitable for landscape, how are we to build berms without elevations given, please clarify.

Answer: There will not be berms on this section of the trail, the R-Tanks are detention and excavated material should be disposed of accordingly.
